Select a scenic beautiful place for your walk:

Long Beach Boardwalk, Park, Kennedy Plaza, Port Washington Waterfront

JOIN THE VIRTUAL WALK ZOOM KICK-OFF AT 9:00AM SUNDAY, OCTOBER 18TH

This virtual event is a key fundraiser for Long Island Reach, and now more than ever, we're relying on funds raised to provide critical counseling, treatment and services to individuals with mental health issues, chemical dependency and maintaining sobriety.

This year's WALK will benefit our mission and clients impacted by the COVID health crisis.

The event will incorporate a platform of digital marketing opportunities that let people know that of your support of Long Island Reach!

Join us on your own, or create a team, and raise funds while building awareness of Long Island Reach. You can walk or run! For the safety and health of participants we are organizing the event so that anyone can join us via social media (#50YearsofReach) at the location of their choice while practicing social distancing and following the CDC recommended guidelines. We hope you consider joining us in making a difference in the lives of our community!

Mission of Long Island Reach

For 50 years Long Island Reach has served the community providing social, psychological and educational assistance to individuals and families. Our mission is to reach out with counseling, treatment, and services in English and Spanish. We are committed to helping individuals with mental health issues, chemical dependency and maintaining sobriety.

About Long Island Reach

Long Island Reach reaches out to troubled youth and families to help them learn better ways to cope with their pain, enhance their self-esteem, develop their self-awareness, treat their chemical dependency issues, and create alternatives to self-destructive behavior.

This year, we are celebrating our 50th Anniversary of providing:

- Chemical Dependency Treatment Program
- Outpatient Counseling Program (emotional and mental health illness)
- Individual, Group and Family Therapy and psychiatric evaluations
- Alternative High School Diploma Educational Services (Harriet Eisman Community School)
- Prevention Services, Crisis Intervention and Hotline services
- Youth Department and Delinquency Prevention Services including Legal Advocacy
- Pre/Post Juvenile Justice Prevention and Case Management Services
- Teenage Pregnancy Prevention
- Supportive Counseling Services

Long Island Reach goals and objectives are to provide a comprehensive delivery of service system to a high-risk population of community residents of all ages and their families. Long Island Reach is serving individuals and families on Long Island with our mental health counseling, chemical dependency and group therapy without regard to the ability to pay.
